THE GLENOLIA

A place to grow and gather.

A LITTLE CURIOSITY AT A TIME

Observe a little closer

What do you notice?

Look, listen or use a tool in a way that works for you.

Describe one detail before deciding what it means.

Dot pauses. A small detail becomes a useful question.

THE GLENOLIA

A place to grow and gather.

A LITTLE CURIOSITY AT A TIME

Let a question grow

What would you like to find out?

Ask a question we can explore safely.

Wonder together. Different questions can help the same investigation.

Milla and Dot leave room for a question.

THE
GLENOLIA

A place to grow and gather.

A LITTLE CURIOSITY AT A TIME

Try, notice, try again

What could we change?

Choose one sensible change and keep a record.

A first attempt is information. Explain what you would try next.

Pip and Milla compare two choices and offer feedback.

THE GLENOLIA

A place to grow and gather.

A LITTLE CURIOSITY AT A TIME

Think back, move forward

What changed your thinking?

Connect your idea to something you observed.

Share a next question. You can draw, speak, write or use support.

The learning crew compares its records, then plans one next step.
